

Rapid System

A secure and stable roof rack foot for cars with normal roofs

Integrated torque indicator

- City crash approved for 75kg according to ISO NORM
- Suitable for use with aero or square bars
- The integrated tool includes a torque indicator that automatically indicates when the rack is safely and properly attached to vehicle
- Patent Pending feet clamping technology that grips the vehicle stronger than any other clamp rack foot
- Fully compatible with Rapid 750 kit system
- Lockable with the One Key System that can be used with all your Thule products
- All parts in contact with the car have a soft coating to prevent marks and scratches
- New modern design
